

ADVANCED MANAGEMENT SERVICES, INC.

# All-Weather Fabric Tent Structures

*with Heat-Retaining Liner, Windows & Removable End Walls*

*Featuring Advanced Filtration Technology\*  
Effective Against 99% of Airborne & Surface Pathogens*

Unlike flimsy party tents, our durable tent structures provide a safe, protected environment for your customers and staff, in accordance with the latest CDC recommendations. Our reusable temporary tent structures offer an all-weather outdoor dining solution, available in varied sizes for proper social distancing.

- **Designed to withstand high winds & shed heavy snow**
- Handicap accessible, meets all building codes
- Easy setup and takedown on any flat surface; reusable storage crate included
- Includes solid doors, roll-up screened windows, and replaceable inner liners
- All materials fire-rated
- Available in a variety of sizes
- Interior lighting options available
- **Free assembly included**

Standard sizes 20' x 30' and 20' x 40'  
Custom sizes available

Our tents are a smart investment that will last for years to come—party tents simply can't compare!

## Advanced Climate Control Technology\* continually purifies air AND surfaces with 99% effectiveness

Optional UV Purification System uses Ionized Oxidizers that proactively seek out and destroy pollutants in the air and on surfaces throughout the structure. HEPA-style filtration sanitizes 99% of airborne particulates.

*\*How Does It Work? A filtration device placed in the air supply duct creates Advanced Oxidation Plasma with Ionized Hydro-peroxides, Super oxide ion and Hydroxide ions to neutralize and eliminate bacteria, viruses, particulates, mold, air pollutants, and odors. Kills 99% of viruses on surfaces, kills 99% of airborne germs within 3 feet.*

## Tent Features

20x30 ft, 20x40 ft, or Custom Size
